Knowing Jesus, Growing in Faith, Serving God's Children

CLASS TRIP PERMISSION SLIP

Dear Parents:

Throughout the school year your child may have the opportunity to participate in and enjoy educational field trips. In order that these trips may be planned with your cooperation, the teachers wish you to express your attitude with regard to your child's participation.

All precautions for safety and welfare of your child will be carefully exercised, although Zion Lutheran Church and its Board of Education assume no personal liability in connection with these excursions. Parent volunteers are used for the transportation.

We wish to have these parent permissions on file in advance, so that no child will be denied the privilege of participating in a field trip because they forgot to return their permission slip in time. If your child is to go we must have signed slip returned.

We will notify you as field trips are scheduled, so you will be aware of the specific nature of the field trip.

Thank you for your cooperation.

I hereby give my consent to allow my child, _____,
to participate in school excursions throughout the _____ - _____ school year.
